

那道光，從未消失。

The light was always there.

從一種材料的新市場，到 AI 可能交還的一小時。Mainnet 把投資判斷、商業設計與合作安排放在一起，追問什麼值得做，以及為什麼。

From a material finding a new market to an hour AI might return. Rooted in Singapore, Mainnet brings investment judgement, commercial design and collaboration together to ask what is worth building, and why.

投資與資本策略 / Investment & capital strategy

一筆錢投出去之後，還留下多少選擇？

基金與項目架構 / Fund & project architecture

大家意見不同時，項目還能往前嗎？

科技研究與商業設計 / Technology & commercial design

AI 更快了。人，真的更自由了嗎？

戰略項目共建 / Strategic project development

跨過國境之後，一個好想法還成立嗎？

有些問題，值得多想一會。

Questions worth staying with.

看不見競爭，不等於沒有競爭。

An unseen competitor is not an empty market.

先看當地已經在用什麼，再問什麼證據足以讓人換。一次小規模試用，應該先於一座工廠。

Understand existing alternatives and the reason to switch. A limited trial should precede a factory.

如果 AI 省下一小時，那一小時歸誰？

If AI saves an hour, who gets it back?

把審核、返工與維護算進去，再問釋放的時間能否變成人的選擇。

Count review, rework and maintenance. Then ask whether released time can become human choice.

當大家意見不同，項目還能往前嗎？

Can a project move forward through disagreement?

把各方投入、決策權和重談條件寫清楚，讓合作容得下不同的視角。

Make contributions, decision rights and review conditions explicit. Leave room for different views.
